Le Westin Resort and Spa, Tremblant, Canada

The luxurious [Le Westin Resort & Spa, Tremblant](#), in the **Province of Quebec, Canada** is nestled in the **Pedestrian Village** a short stroll from boutique shopping and excellent restaurants, and so close to the mountain that they offer ski-in/ski-out services via access on the third floor of the hotel.

Edward and I stayed in a spacious two-room suite at **Le Westin Resort & Spa, Tremblant** in late February 2011, and appreciated its close proximity to everything, combined with excellent amenities including a Business Center, complimentary daily newspapers in English and French, Westin WORKOUT® Room with state-of-the-art fitness equipment, [Amerispa](#) where we indulged in pampering Spa services, a Sauna, and a heated outdoor pool and an oversized whirlpool where we relaxed outdoors and especially appreciated after a fun-filled day of adventures.

The hotel has two excellent restaurants, **Restaurant Yamada** featuring Japanese cuisine and sushi, and **Lounge** featuring international and regional cuisine. One of the more unusual, but very tasty, highlights that we enjoyed during dinner at **Restaurant Yamada** was the Maki B-52 made with salmon, Rice Krispies®, avocado, and lettuce served with spicy sauce. We also enjoyed the Maki Dancing Eel made with smoked eel, crabstick, caviar, avocado, and cucumber; the Smoked Fresh Water Eel Sushi; and the Warm Maki Yamada Chop made with tuna, shrimp, avocado tempura with ginger sauce and caviar.

We began each day with a sumptuous breakfast at **Lounge** where the extensive hot and cold buffet offered French toast, pancakes, eggs, ham, sausages, bacon, homefries, a variety of cold and hot cereals, fresh

fruit and melons, pastries and breads, smoked salmon, pâté, and much more.

Lunch highlights at **Lounge** included the loaded Traditional Club Sandwich of chicken, bacon, tomato, lettuce, on toast served with French Fries, and Cheese Quesadillas served with salsa and sour cream, and a side order of a basket of crispy French Fries, which was just what we needed after a morning adventure.

Our attractive two-room suite featured an electric fireplace in the living area that lighted with the touch of a button creating both ambience and warmth, there was a large Zenith television in an armoire, a sofa and two comfortable chairs flanking a large coffee table, and a small terrace reached from the French doors that overlooked the colorful Pedestrian Village and the ski slopes.

as a selection of pots and pans, dishes, glasses, and cutlery, perfect for families, longer stays, or for enjoying a quick snack.

The king bedroom featured Westin's signature Heavenly Bed® with their deluxe 10-layer mattress invitingly dressed with a pristine ivory duvet and an assortment of pillows in various sizes and shapes. Nightstands flanked either side of the bed holding a telephone and alarm clock. Opposite the bed there was a large armoire with drawers for clothes and a large Zenith television, there was a wicker chair placed next to the window, and a closet with two Westin robes.

Guest Room

The large bathroom featured their Heavenly Shower/Bath® with double showerheads, hairdryer, make-up/shaving mirror, assorted Heavenly by Westin Spa White Tea Aloe amenities, and a scale.
