Drinkology EATS: A Guide to Bar Food and Cocktail Party Fare

Drinkology fans rejoice; ***Drinkology EATS: A Guide to Bar Food and Cocktail Party Fare*** by James Waller and Ramona Ponce has just been released in time for the holiday gift-giving season.

James Waller, author of the highly acclaimed series of Drinkology books, ***Drinkology: The Art and Science of the Cocktail***, and ***Drinkology WINE: A Guide to the Grape***, has added another new book to the Drinkology series, ***Drinkology EATS: A Guide to Bar Food and Cocktail Party Fare*** (published by Stewart, Tabori and Chang, released 2006).

As a great fan of Mr. Waller's earlier Drinkology books, which guided readers through cocktail recipes, and the history and nuances of wine, I loved his latest book in the Drinkology series, ***Drinkology EATS: A Guide to Bar Food and Cocktail Party Fare***. For his latest book, Mr. Waller teamed up with caterer and food-stylist Ramona Ponce. ***Drinkology EATS: A Guide to Bar Food and Cocktail Party Fare*** weaves Mr. Waller's irreverent humor, wit, and style in telling a tale, with his and Ms. Ponce's fabulous food and cocktail recipes that will make you a standout at your next cocktail party. The book is rich with interesting tidbits that kept my interest, as well as inspired me with plenty of great ideas for my next party.

Combined with beautiful illustrations by Glenn Wolff, ***Drinkology EATS: A Guide to Bar Food and Cocktail Party Fare*** is a little gem of a book. It guides readers from planning their next party, includes appealing cocktail party menus and delectable food recipes, luscious cocktail recipes, ideas for champagne breakfasts, brunches, afternoon teas, winter, summer, and ethnic buffets, and includes techniques for mastering difficult tasks, as well as handling hangovers, which can definitely be considered a difficult task. Hurray!

Whether you are a veteran host or a complete entertaining novice, ***Drinkology EATS: A Guide to Bar Food and Cocktail Party Fare*** offers something for everyone and for every occasion. Although ***Drinkology EATS: A Guide to Bar Food and Cocktail Party Fare*** would make a wonderful gift, make
